Born from learning, built on collaboration and designed to be simple, Saba’s mission is to help organizations around the world continuously develop and engage their people, because we know that when you optimize your talent, business performance follows.

Through the power of the Saba platform, healthcare organizations save lives, airlines secure travel, technology companies build better computers, auto manufacturers design more efficient cars, hotels create better guest experiences, and charitable organizations get emergency help to people in need.

With 31 million users across 195 countries and 37 languages, it’s safe to say that 1 out of every 100 working people on the planet uses Saba. You may not know us, but we’re probably behind the scenes with you, as you live and work, every day.

We think it’s about time we met.

We’re trusted by the Fortune 2000.
4 of the top 5 computer hardware companies. 15 of the top 20 healthcare organizations. 14 of the top 30 financial institutions. 6 of the top 10 aerospace and defense firms. 7 of the top 11 auto manufacturers. Saba’s learning and talent development platform is trusted by some of the world’s largest and well-known organizations to engage, develop and inspire their people.

We’re the de facto leader in learning.
Key industry analysts including Gartner, IDC, Fosway, Brandon Hall Group, Bersin and Aragon agree: for scalable, secure, collaborative and mobile compliance and skills learning, Saba delivers like no other.

We’re award-winning.
Saba and our customers continue to sweep awards for innovation. Brandon Hall Excellence for Best Use of Social Learning (Hyatt), Brandon Hall Excellence for Best Advance in Talent Management Technology (Dimension Data), CLO Bronze Learning Elite (Express), Talented Learning’s Top Talent LMS, and eLearning Learning! 100, just to name a few.

We do compliance right.
With Saba, customers have 100% confidence in compliance delivery and tracking. They use Saba’s robust workflows, tracking and management capabilities to take the guesswork out of delivering and reporting compliance training for the right people at the right time, whether they have 500 or 10 million users.

We are user-driven.
Today’s users want simple, anytime, anywhere development. Whether you’re looking for social, mobile, video, micro-learning, personalization, or all of the above, we help you create learning experiences for your users that are more engaging, more enjoyable and more accessible than ever.

We are talent management visionaries.
As a visionary in the Gartner Magic Quadrant for Talent Management, Gartner says it for us: “Saba’s learning solution is best in class,” “its performance and succession solutions are strong, …” and “Saba is a leader in integrating social, mobile and analytics technologies into its Talent Management suite…”

We’ve got intelligence, inside.
Just like Amazon and Netflix recommend what to buy or watch, suited to your personal tastes, so too, does Saba. With first to market predictive analytics capabilities, Saba delivers a personalized experience, and “it knows me” recommendations on connections, content, courses and careers.

We can scale like crazy.
Whether you need to power up your revenue, improve customer satisfaction, deliver a consistent brand voice across a distributed workforce, or even create a new profit center, no other platform is more scalable or flexible, with a single data model and unified workflows for all internal and external learning programs.

We connect to anything.
With Saba’s best in class integration capabilities, you can enhance your programs, improve integration of data and systems, and streamline processes. Whether you’re looking for the simplicity of a true “drag and drop” Marketplace, or you need advanced, custom web APIs or microapps, we’ve got the ecosystem covered.

We close the engagement gap.
Saba is changing the game in talent management with Saba Pulse 360, an integrated part of the Saba Cloud platform. With real-time feedback and engagement, the insight to determine the right programs and actions, and the metrics to show how you are moving the needle on business performance, with Saba, you don’t just take your pulse—you can cure your problems.
